### **Konferenzbeiträge:**

#### **Poster:**

**Licata, M.**, Paulus, M., Kühn-Popp, N., & Sodian, B. (2014). Maternal sensitivity in infants' first year of life and infant EEG resting state predict child emotional availability. Poster accepted for the International Conference on Infant Studies (ICIS), July 3-5, Berlin.

Sodian, B., **Licata, M.**, Kristen, S., Paulus, M., Killen, M., & Woodward, A. (2014). Infants' understanding of intentional action predicts moral judgement in preschool age. Poster accepted for the International Conference on Infant Studies (ICIS), July 3-5, Berlin.

**Licata, M.**, & Sodian, B. (2013). Bidirectionality in mother-child interaction: Who influences whom the most? Poster presented at the Influential Child Conference, July 2-4, Jerusalem.

**Licata, M.,** Zietlow, A.-L., Träuble, B., Sodian, B., & Reck, C. (2013). The crucial role of attachment: Maternal attachment insecurity mediates the relation between postpartum depression/anxiety and emotional availability. Poster presented at the International Attachment Conference, August 30-September 1, Pavia.

Zietlow, A.-L., Nonnenmacher, N., **Licata, M.,** Träuble, B., & Reck, C. (2013). Predicting maternal self-confidence at pre-school age: The role of postpartum depression and anxiety disorders, maternal attachment insecurity and child behavior problems. Poster presented at the International Attachment Conference, August 30-September 1, Pavia.

**Licata, M.,** Kristen, S., Thoermer, C. & Sodian, B. (2012). The impact of maternal emotional availability on children's theory of mind development. A longitudinal study. Poster presented at the International Association for the Study of Attachment (IASA), September 14-16, Frankfurt.

**Licata, M.,** Thoermer, C., Paulus, M., Kristen S., & Sodian B. (2012). The relation between maternal emotional availability and infants' goal-encoding. Poster presented at the International Conference on Infant Studies (ICIS), June 7-9, Minneapolis.

Kristen, S., **Licata, M.,** Eisenbeis, H., Thoermer, C. & Sodian, B. (2011). Maternal mind-mindedness in the first year of life reflects mothers' mindreading abilities and predicts empathy in the second year of life: Evidence from a longitudinal study. Poster presented at the International Conference on Infant Studies (ICIS), March 10-14, Baltimore.

Kristen, S., **Licata, M.,** Thoermer, C., Perst, H. & Sodian, B. (2011) Maternal mind- mindedness as an important predictor of mothers' and children's cognition talk: Findings from a longitudinal study. Poster presented at the Society for Research in Child Development (SRCD), March 31-April 2, Montreal.
